Can confirm it's legit. Just be warned that Element is a pain-in-the-ass to use, but we will help you figure it out. Just ask!

It was a YUGE headache to get up, operational & set all the permissions but I think we have a handle on it now.

Good place for people organize themselves by state now.

Yep.

Still wish we had .wins for each state though!

Will this server stay up after 1/7? I was trying to find a way to organize local people for election activity in the future and this would be a great resource.

I was trying to find a way to organize local people for election activity in the future and this would be a great resource.

This was essentially what I wanted to do because I knew discord was never going to allow Trump people to organize.

Was thinking it had to be built from the ground up but element.io seems like a good alternative as you can host your own servers.

Trying our best to keep things moving & organized for DC

This is now the 5th server I'm helping run for the whole exposing voter fraud project.

This is the best Discord alternative we're likely to have in the medium term.

Even if you haven't had your Discord account nuked - yet - you need to get in here. Prepare for WHEN - not if - they come for you.

Everybody sign up for this. Element/Matrix is a pain in the ass, but it's worth it to avoid being censored.
